

Hygiene concept due to the Corona pandemic as of 04.03.2022

NOTES FOR YOUR STAY

Dear guests,

for your and our protection, please note that special hygiene requirements apply to your stay in the current situation.

Observe contact restrictions

Please ensure that current government regulations regarding contact restrictions and travel are followed.

Access to our hotel & restaurant is possible with 3G proof. This excludes children under the age of 6, or students up to the age of 17 who are subject to regular testing as part of their school attendance (including vacation periods).

Vaccinated persons must present proof of complete vaccination protection - for example, the yellow vaccination certificate. At least 14 days must have passed since the last required single vaccination.

Recovered people require proof of a positive PCR test at least 28 days and no more than six months ago.

Tested persons need proof of a negative PCR test (carried out at least 48 hours before arrival) or a negative antigen test (carried out at least 24 hours before arrival). In addition, a new test is required every 72 hours.

For persons who cannot be vaccinated for medical reasons and can prove this by presenting an original written medical certificate, proof of a negative PCR test (carried out no more than 48 hours before arrival) is sufficient.

Protect others - It is not possible for persons who have had contact with Covid-19 cases or have symptoms of illness (non-specific general symptoms and respiratory symptoms of any severity) in the last 14 days to stay at our facility. If you develop symptoms of illness during your stay, we as your host must be notified immediately.

Test Test Test

If you want to take advantage of tourist offers or other services in the region, it is best to find out in advance if and what kind of test is necessary. We open every morning between 08.00 - 10.00 o'clock our test station for citizen testing - no PCR test - on the left side in front of the entrance. Here you can be tested free of charge as part of the citizen testing program of the Bavarian State Ministry of Health and Care. We have been commissioned by the Sonthofen Health Office for this purpose, which is why citizens are also welcome to test.

Smile with your eyes - Please remember to bring your FFP2 mask (for children 16 years and older) and medical mask (for children 6-15 years) to wear when entering our hotel and moving around public areas in the building (reception, hallways, restaurant, public restrooms).

Thank you for keeping the minimum distance of 1.5 meters from our team and other guests.

Breakfast Buffet- With our large buffet, our guests have plenty of room to serve themselves - Fresh egg dishes and coffee/tea specials remain included.

Private Dining- Would you like to have privacy in your room or on your balcony? Upon request, we offer room service for breakfast and dinner for an additional €3.50 per order.

Wellness - Swimming pool, sauna and relaxation room are open.

The most important rules:

- 1) Maximum 10 people at the same time in the swimming pool.
- 2) The sauna can be used only with those persons at the same time with whom a room is shared.
- 3) Wellness sheets for loungers, day beds, seats must be fully covered.
- 4) Use showers & toilets in your own room if possible.
- 5) For massages: **FFP2 masks.**

We are happy if you pay contactless with EC-/VISA- or Mastercard if possible.

The hygiene requirements are based on the specifications of the hygiene concept for accommodation of the Bavarian State Ministries of Health and Care and of Economic Affairs, Regional Development and Energy. **Our guests are obliged to comply with these requirements.** In the event of violations, we as hosts are required to make use of an early termination of the contract **(04 March 2022)**. The information will be treated confidentially along the basic data protection regulation and will be automatically destroyed after four weeks.

We thank you in advance for your support and cooperation!

.....

Your Constantin Kiehne & Team

I assure that I have read the above-mentioned hygiene requirements and that there are no obstacles to my stay along the current official regulations.

Information on the purpose and legal basis of data processing.

The legal basis for data processing is Article 6 (1) (d) DSGVO (processing of personal data for the protection of vital interests of the data subject or another natural person). This also includes the processing of personal data for the monitoring of epidemics and their spread. Further legal basis of the data processing is Art. 6 para. 1 lit. c DSGVO in conjunction with Section 13 para. 4 sentence 3 of the Fourth Bavarian. Infection Protection Measures Ordinance and with No. 3.2.3 and No. 3.2.9 of the Gastronomy Hygiene Concept (Joint Announcement of the Bavarian State Ministries for Health and Care and for Economy, Regional Development and Energy of 14.05.2020, GZ6a-G8000- 2020/122-315; published in BayMBl. 2020 No. 270 of 14.05.2020). These regulations require the owner of the catering business to collect and process the data. The data collected may only be used at the request of the competent Health Authorities for the purpose of tracing possible infection routes. The contact data will be kept for a period of one month and then destroyed.

As a data subject, you have the right to information about your collected personal data and the right to correction, as well as a right to the deletion of your data after the expiry of the retention period vis-à-vis the catering company. For this purpose, you can contact the company at the above-mentioned contact details. Irrespective of this, the company must delete the data after the expiry of the above-mentioned retention period. You have the right to lodge a complaint with a data protection supervisory authority (Bavarian State Office for Data Protection Supervision, Promenade 18, 91522 Ansbach or P.O. Box 1349, 91504 Ansbach; telephone: 0981 180093-0; fax 0981 180093-800; <https://www.lida.bayern.de/de/beschwerde.html>).
